ASSESSMENT

## OUR APPROACH:

Pinnacle provides a wide range of Emergency Response and Disaster Assistance services. Pinnacle represents our clients interests and acts as your company representative in coordinating all agency relationships with the federal, state, and local regulators. We will implement a site specific Health and Safety Plan and assess environmental hazards. Pinnacle's experienced professionals will assess environmental conditions and implement remedial and monitoring services to meet government regulations, and protect your interests in the process.

When a incident or release happens, Pinnacle staff are available 24 hours a day/7 days a week and can respond within 2-4 hours to most locations in Minnesota. We stage all the appropriate emergency response equipment including air monitoring devices, sampling supplies/equipment, boats, absorbents, and booms as well as the appropriate Personal Protection Equipment. We also have a network of pre-qualified contractors in the Upper Midwest.

## BENEFITS TO YOU:
